

## MB05200

### COMMUNITY HEALTH WORKER/ MOBILIZER

Level 2

#### REPORTS TO (HIERARCHICAL)

IEC/ HP Supervisor

#### REPORTS TO (FUNCTIONAL)

IEC/ HP Supervisor

#### JOB FAMILY

Medical

#### MAIN PURPOSE

The Community mobilizer and CHW will provide information and health education messages at the community level, and will strengthen the link between the community and the **MSF** health structures.

#### ACCOUNTABILITIES

- Collect and report (to IEC/HP Supervisor) specific information related to his/her community: perception of the sickness, food security, vaccination status of children, perception of the services, constraints and strengths, vulnerability, level of information, living conditions and risks related;
- Deliver information to his/her community on specific health topics and about MSF, the services it provides;
- Consolidate the link between his/her community and the MSF services; give advice how to better involve his/her community in the activities of awareness and prevention; indicate possible local actors or local NGOs and community project which could be involved in awareness activities at a local level;
- Support the mapping of the territory and population: schools, churches, villages, gathering points; support and facilitate relations with local authorities of his/her community, where requested by the IEC/HP Supervisor; support MSF in the defaulter tracing activities
- Report to HP Supervisor: activities, problems met, strengths and constraints;

#### EDUCATION

- Literacy. It is necessary to follow an internal MSF training on health messages (or, if possible, Ministry of Health training).
- CHW training (done by MOH) will be an asset.

#### EXPERIENCE

- None is required
- Has to be someone very active and well accepted in the community,

#### LANGUAGES
