

## MB05500

### WEIGHT MEASURER

Level 1

#### REPORTS TO (HIERARCHICAL)

Activity Supervisor

#### REPORTS TO (FUNCTIONAL)

Activity Manager

#### JOB FAMILY

Medical

#### MAIN PURPOSE

Perform and keep record of anthropometrical measurements (height, weight, etc.) of patients according to **MSF** protocols, in order to complete and supervise their files and to preserve data traceability.

#### ACCOUNTABILITIES

- Measure weight, height and Middle Upper Arm Circumference (MUAC) of children and patients.
- Detect sign of oedemas.
- Participate in nutritional surveys and assessments outside health facility.
- Record in individual patient's card and registration books all information measured, i.e. MUAC, weight and height.
- Inform patients and carers about results of measuring, i.e. weight, height, difference from previous measurement, if any.
- Look after all equipment provided.
- Ensure that no material is taken out of weight and height measure area without prior authorisation.
- Report medical staff on any possible health problem or issue (big loss of weight, missing file).
- Report daily measurements, i.e. number and results, at the end of each day.
- Report line manager on any incidence regarding weight, height and measurers or on equipment or material (broken, missing).

#### EDUCATION

Essential literacy.

#### EXPERIENCE

Not required, desirable experience with other NGOs.

#### LANGUAGES

Essential, local languages; mission working language, desirable.

#### KNOWLEDGE

Essential basic knowledge of mathematics and of how using measuring equipment.

#### COMPETENCIES

- Commitment.
- Flexibility.
- Stress Management.

- Results.
- Teamwork.
- Service.
