#### **Reports to (Functional)**

Medical Coordinator/ Medical Focal Point

#### **Job Family**

Medical

---

#### **Main Purpose**

To collaborate with MSF medical staff on the integration of psychiatric treatment with basic healthcare services in order to insure the treatment of patients suffering from severe and common psychiatric disorders.

---

#### **Accountabilities**

- Provide treatment for patients suffering from severe and common psychiatric disorders with specific attention to the cultural context.
  - Provide training and supervision to national and international medical staff (doctors and nurses) on diagnosis and treatment of severe and common mental health disorders according to MSF guidelines
  - Participate as a member of the mental health team when present and offer supervision and support to national psychologists and counselors
  - Ensure that guidelines and psychotropic medications from MSF standard drug list are available in the project
  - Ensure that proper information on treatment and follow up are collected in order to monitor the provision of care.
  - Evaluate in-country available psychiatric services including possibilities for psychiatric hospitalization and the quality of these services.
  - Form a relationship with MoH and exploration of sustainability of psychiatric treatment.
  - Establish collaboration/communication with medical specialties in the project in order to achieve a multi-disciplinary approach to patient care.
